About the Conference
Production and Operations Management Society (POMS) is an international professional organization representing the interests of POM professionals from around the world. The purposes of the Society are:

- to extend and integrate knowledge that contributes to the improved understanding and practice of production and operations management (POM);
- to disseminate information on POM to managers, scientists, educators, students, public and private organizations, national and local governments, and the general public; and
- to promote the improvement of POM and its teaching in public and private manufacturing and service organizations throughout the world

The society’s web page may be found at: http://www.poms.org/
The conference web page may be found at: http://pomsmeetings.org/conf-2016/
This conference brings together faculty and graduate students in POM along with industry personnel to share academic research through paper presentations, tutorials and panel discussions. Invited industry leaders will also share their insights.

**About our Venue in Orlando FL**
